

SEA-Bates

This school year we would like to start the SEA-BATE incentive program. We hope that this will increase member participation in SEA activities. For each association event or activity you participate in, your name can go into a drawing for which the grand prize will be a reimbursement/rebate of your local dues at the end of that school year. A member may enter for as many events as they choose. When a member attends or participates in a SEA activity they can submit their name on a small slip of paper or sign in sheet to their building rep or an officer. Entries will be kept using an electronic form and four names will be randomly drawn in May. A midyear drawing will take place for smaller prizes. Eligible member activities include, but are not limited to:

Attending a 10-minute meeting

Attend a School Board meeting (until adjournment and bring an agenda)

Attend an Executive committee meeting (minimum one hour)

Make a contribution to FCPE

Participate in the NEOEA megaconference

Participate in the NEOEA and or OEA summer leadership conference

Fill out your Vitality VHR

Participate in the Vitality Biometric Health Care Screening

Attend a NEA, OEA, or NEOEA Rep Assembly as an observer or delegate

Participate in Trunk or Treat

Participate in Community Christmas

Help canvass for the levy

***Other approved ideas to be determined later and will be announced
